

Acupuncture and Insurance

It is important to know your coverage before coming in for your first appointment. Please contact your insurance company directly to verify benefits. We will provide you with an itemized medical bill that can be submitted to your insurance company for reimbursement. Please come to your first appointment with your insurance card along with this billing information sheet for your patient files.

Listed below are some important questions to ask about your insurance coverage.

1. Do I need prior authorization or pre-approval for acupuncture?
2. Do I need a doctor's referral?
3. What is my annual benefit for acupuncture? (number of treatments per year or annual monetary cap)
4. Do I need to meet my deductible prior to receiving reimbursement for acupuncture?
5. Is there a co-pay for acupuncture?
6. What conditions are covered for acupuncture?
7. Are supplements or herbs covered?

Many insurance companies will now reimburse you for acupuncture. (Medicare does not cover acupuncture). We accept payment from HSA (Health Savings Accounts) and MSA (Medical Savings Accounts). Payment may be made with cash, checks or credit card and is due at time of service.
